Experience

Fall 2014 **Booreiland Amsterdam**

Industry: Business services
Position: Design intern
Activities: As an allround design intern I was involved in several projects with international clients like Fairphone, InRev, Crunchr and 75 tools for creative thinking. As a part of the international team I worked on both digital as graphic/product design projects. My main focus was Interaction and Visual Design.

Spring 2016

Trinopsis - Rotterdam University of Applied Sciences

Industry: Education
Position: Project Researcher - UX designer
Activities: Together with three fellow students (all CMD) I was asked by Erwin Borgmeier (Manager Education Department CMD) to do research on designing an educational module which enables students in different timezones to work together. The goal is to be as efficient as possible and most importantly trigger engagement along the way. We conducted research on the current services and how people work remotely nowadays. That is how we eventually designed the Trinopsis Timeline.
Full time / part time: Part time, 32 hours a week
Address: Wijnhaven 103
Postal code, place: 3011 WN Rotterdam

September 2016
- April 2017

Digital Natives Amsterdam

Industry: Business services
Position: UX/UI graduate intern
Werkzaamheden: As an UX/UI Design graduate intern I worked individually on a project for Voordekunst, a crowdfunding platform for artists. This project was under supervision of Digital Natives, the digital partner of Voordekunst. The challenge was to design a digital service that enables Voordekunst to stimulate the makers to reach out to the followers and create engagement during the crowdfunding campaign.
Full time / part time: Full time, 40 hours a week
Address: Linnaeusstraat 35G
Postal code, place: 1093 EE, Amsterdam
